## ELECTRIC, INC.

August 7, 2008

**RE: James B. Pirtle Construction Co., Inc.**

To Whom It May Concern:

We are writing this letter of recommendation for James B. Pirtle Construction Co., Inc.. (aka Pirtle Construction). We are proud to have been doing business with them for well over 30 years, (with the last 20 years as C&F Electric).

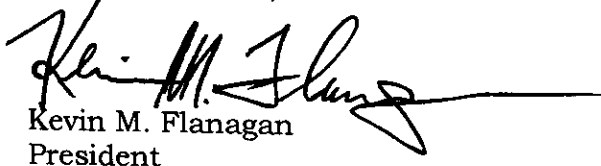

They have proven to be one of the most reliable and reputable general contractors we have ever worked for, (a pillar and accredit to all of South Florida). Pirtle Construction's work is impeccable; all of their employees, from their CEO's, project managers, superintendants, field workers and entire office staff, are all very experienced, meticulous and dependable. They continuously work together and keep all projects on schedule and almost always finish ahead of time.

Over the past 20+ years we have completed numerous commercial projects together, the majority being new schools for the School Board of Broward County. However, our most recent endeavor was completing their new energy efficient and environment friendly LEED office building together, (which they recently moved into).

It is a pleasure to deal with them on a daily basis. We are beyond satisfied with all aspects of the relationship we have developed with Pirtle Construction and are proud to be associated with their work, and consider it an honor to be a part of their team.

Please feel free to contact our office if you should have any questions regarding James B. Pirtle Construction Co., Inc.

Sincerely,  
C & F ELECTRIC, INC.

Kevin M. Flanagan  
President
