Dear Mr. Pirtle,

I find it hard to believe that we started working for you 18 years ago. I have worked with many of the major general contractors over the years but by far you are the best. You are one of the few that know how to meet a schedule. Then there was a time I needed money on a project and you paid me before you were paid, who else would do this? I remember sitting in job meetings with you and your knowledge of every detail of the job just amazed me. I felt really honored to be selected to do the air conditioning at your new office building. I hope we will continue this relationship for many more years to come.

Sincerely yours,

Daniel C. Clevenger
